## BRAND NEW SPACES AVAILABLE AT A POOL NEAR YOU!

As we wrap up 2025, our heartfelt thanks go to every family, every teacher, and every swimmer who brings the SwimEasy spirit to life each week. We wish you all a peaceful and joy-filled Christmas, and we look forward to welcoming you back in January for another year of learning, laughter, and life-changing progress. We are also excited to announce a variety of brand new time-slots and spaces we have been able to open up at various pools across the country starting in January. So don't miss out, tell your friends, and enjoy a wonderful new year!

Where every child does it better!

## TEACHERS: ENDING THE YEAR ON A HIGH

The final lessons of the year are about positivity, celebration, and connection. Children look to their teachers for reassurance and recognition, so every smile, sticker, and kind word helps them finish the year with pride.

Please make a point of speaking to each child before or after class, even a brief "Well done, you'll notice how much stronger their kick is now" helps families see what you see. For many parents, your insight gives meaning to their child's efforts and strengthens their confidence.

Let's make our last week a festival of encouragement and laughter. The energy we end with is the energy children will bring back in January towards the end of Winter term as we head into spring.
